WAT SERIES
TWA 1000-M Manual Taper

As the market leader for water-activated carton-sealing tape,

Intertape's commitment continues with the introduction of state-of-the-art tabletop dispensers.

This superior line of dispensers offers improved features and benefits enhancing the value created by an integrated system of closure material and dispenser. The increased capabilities highlighted in the TWA 1000-M Manual Taper provide the quality your production requires.

Interpack's TWA 1000-M Manual Taper excels in performance and portability in an affordable package unmatched within the industry. Standard features include and extra-wide roll carriage, "arching" guillotine style cutters, 1000' long roll capabilities and extra-large brushes, eliminating the need for a water heater.

When you compare features, benefits and value, the right choice is Interpack's WAT SERIES TWA 1000-M Manual Taper.

TWA 1000-M Manual Taper Features

- Standard 1000' roll capability to reduce downtime during roll changes
- Stainless steel "arching" guillotine cutter for the cleanest cutting action
- Self-centering tape roll side guides are instantly adjustable from 1" to 3½"
- Drip-resistant 60oz water bottle

Stainless steel "arching" guillotine cutter for clean cuts

Extra-large 60oz water bottle reduces downtime

Extra-wide roll carriage
